

# Create your Provider Account in CE Broker today!

CE Broker is the official CE tracking system of the North Carolina Board of Chiropractic Examiners. There is no mandatory cost, though Providers are required to create an account and report course completions into CE Broker.

**Provider Registration Requirements:** When registering as a board approved CE Provider, CE Broker will lead you through a simplified registration process. You will be asked to submit a CE provider profile and primary contact information. You will not be required to submit documentation to register as a provider with CE Broker. Once registered, you will need to submit a course application with applicable documentation.

## HOW TO CREATE YOUR CE BROKER PROVIDER ACCOUNT?

1. Visit [www.cebroker.com/providers](http://www.cebroker.com/providers)
2. Choose North Carolina from the drop down menu and click "*Get Started*".
3. Select the Board of Chiropractic Examiners, review the application fees and requirements, and click "*Register*".

If you already have a CE Broker account, follow [these simple steps](#) to get approval from the North Carolina Board of Chiropractic Examiners.

**Course Application Requirements:** When submitting a course application, please be prepared to upload a curriculum vitae for each instructor. Courses will route directly to the board for approval. Once the course has been approved by the Board you will receive notification. The course will then be listed in your CE Broker provider account and you can report course completions on behalf of licensees. The Board's Course Application shall be submitted at least 30 days prior to the date of the proposed seminar. Incomplete applications will not be processed.
